

2020 Perth 6ias

6TH INTERNATIONAL ARCHEAN SYMPOSIUM

Don't miss the 6IAS
in Western Australia,
July 2020.

The premier decadal symposium dedicated to
Precambrian geoscience.

The symposium will be followed by Target 2020, a one-day meeting
focusing on exploration strategies for the future sustainability of the
minerals industry.

SYMPOSIUM

Dates: 14–16 July 2020

Venue: University of Western Australia
Perth, Australia

TARGET 2020

Date: 17 July 2020

Venue: University of Western Australia
Perth, Australia

Geological Survey of
Western Australia

SYMPOSIUM

Dates: 14–16 July 2020

Venue: University of Western Australia
Perth, Australia

TARGET 2020

Date: 17 July 2020

Venue: University of Western Australia
Perth, Australia

Welcome to the **6th International Archean Symposium** presented by the not-for-profit organization Geoconferences (WA), marking the sixth in a series that began in 1970. The 6IAS is the premier international symposium dedicated to Precambrian geoscience, with a specific focus on the Archean. It is designed to promote discussion and communicate the latest concepts, methodologies and technologies relevant to unlocking the secrets of the Precambrian to all geoscientists.

Symposium themes:

- Early Earth evolution: perspectives from the oldest minerals and rocks
- Emergence of atmosphere and life on early Earth and other terrestrial planets
- Early Earth geodynamics: insights from geochemical, isotopic, phase equilibrium and numerical modelling
- The role of Archean lithosphere in the evolution of younger terranes
- Cratons and craton margins: structure, composition and tectonic history
- Defining the Archean to Proterozoic transition
- Mineral systems of Archean terranes and their margins

Planned field trips

Pre-conference trips:

- Paleoproterozoic reworking of an Archaean craton margin: a transect through the southern Gawler Craton
- Pilbara Craton: evolving Archean tectonic styles

Post-conference trips:

- The Archean-Proterozoic boundary: out with the old, in with the new
- A traverse across the northern Yilgarn Craton in Western Australia: From the Jack Hills to the Youanmi Terrane
- Mineral deposits in the Yilgarn Craton

Hosted in the beautiful city of Perth, Western Australia, the 6IAS will benefit from being located in one of the global capitals of the mineral industry. Like previous Archean symposia, the 6IAS will provide an excellent opportunity to network in the collegial atmosphere that has developed between industry, government and academic professionals from around the globe.

SYMPOSIUM

Dates: 14–16 July 2020

Venue: University of Western Australia
Perth, Australia

TARGET 2020

Date: 17 July 2020

Venue: University of Western Australia
Perth, Australia

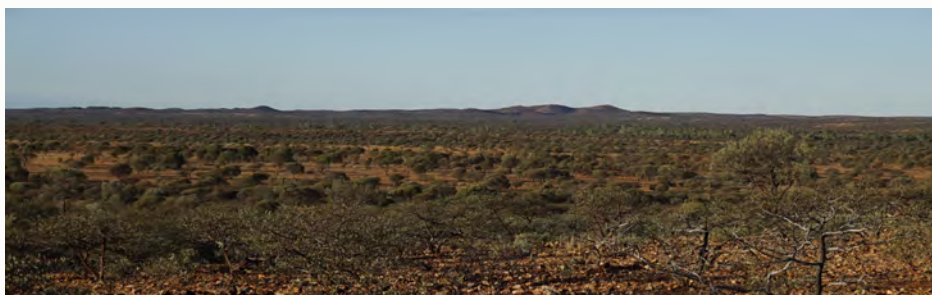

Target 2020: Targeting for a New Era of Discovery

The **Target 2020** conference will be held at the Uniclub at the University of Western Australia on 17 July 2020 in Perth, Western Australia following the 6th Archean International Symposium.

After the great success of Target 2017, Geoconferences is organising Target 2020 in collaboration with the Centre for Exploration Targeting to showcase innovations developed to aid the discovery of new tier-one deposits and broaden the exploration search space under cover. Target 2020 will focus on all aspects of mineral exploration and provide a unique opportunity to workshop solutions to the mineral industry challenges that lie ahead.

We expect more than 250 attendees from both the Australian and international mineral exploration community, including executives, professionals, researchers and university students. The technical program will consist of a plenary format and multiple poster sessions, impacting multi-commodity exploration from the regional greenfield scale through to camp scale. The program will emphasise: (i) Key research outcomes that impact our understanding of Mineral Systems and the derived exploration strategies; (ii) Data integration, interpretation and key exploration targeting inputs; and (iii) Improved targeting strategies and methodologies.

We look forward to welcoming you to Target 2020 and together shaping tomorrow's exploration strategies for the future sustainability of our industry.

SYMPOSIUM

Dates: 14–16 July 2020

Venue: University of Western Australia
Perth, Australia

TARGET 2020

Date: 17 July 2020

Venue: University of Western Australia
Perth, Australia

On behalf of Geoconferences, we invite you to participate, sponsor and exhibit at the 6IAS in 2020. Our symposium will attract academics, government and industry representatives from around the world, providing an excellent opportunity to showcase your corporation or institution and its services. Sponsorship is inclusive of both 6IAS and Target 2020.

SPONSORSHIP AT A GLANCE

All prices exclusive of GST	Patron Sponsorship A\$50,000	Platinum Sponsorship A\$20,000	Gold Sponsorship A\$10,000	Silver Sponsorship A\$5,000
Conference delegate Registrations	5	3	2	1
Acknowledgement during opening and closing sessions	Speaking spot	Yes	Yes	Yes
Satchel insert	Yes	Yes	Yes	Yes
Program book advertising	Full Page	Full Page	Half Page	Half Page
Trade exhibition booth	Premiere location	Included	Included	Included
Sponsor banner at registration desk	Yes	Yes	Yes	Yes
Booth	A\$ 4,000	* Same benefits as Silver Sponsorship ** Same benefits as Gold Sponsorship		
Welcome reception sponsorship*	A\$ 5,000			
Sundowner*	A\$ 5,000			
Closing ceremony*	A\$ 5,000			
Student Grants sponsor**	A\$ 10,000
